# JANA BRISUDOVÁ

*Narodila sa v Bratislave. Je momentálne jednou z mála sochárok, ktorá v súčasnosti na Slovensku intenzívne tvorí v bronz. Niekoľkoročné štúdium u nestora slovenského sochárstva Tibora Bártfaya podporilo u nej symbolicky spájať mytológie, ktoré interpretuje postmodernou rečou našej doby.*

*Brilantnosť a precíznosť bronzových plastík je charakteristickým znakom jej tvorby. Dôležitá je u nej hmotná výstavba, vnútorná konštrukcia a tým duchovný a psychologický rozmer diela. Tvorí taktiež reliéfy v kamenine v kombinácii so sklom. Aktívne vystavuje nielen autorsky, ale i v rámci Spolku výtvarníkov Slovenska. Vystavovala vo viacerých krajinách v rámci Európy, ako i v USA.*

*Autorka ocenení: Slovenka Roka, Zlatý záchranársky kríž (Slovensko a Čechy), Euridyka (Hudobné ocenenie SOZA), Dunajská perla (Bratislavské módne dni), Minerva crystallinus (Kryštálový ples SND) a iné.*

*Je uvedená vo svetovej encyklopédii Women in Art.*

*Jana was born in Bratislava (Slovakia, middle Europe) and she is one of the few female sculptress who currently and intensively creates and designs from bronze. Several years of study at the Doyen of Slovak sculpture Tibor Bártfay, encouraged her to connect the mythologies in a symbolic way, however, interpreted and depicted in a post-modern language of our time.*

*Brilliance and precision of bronze carvings and sculptures is the distinctive and peculiar feature of her artworks. The material composition, innermost construction and thus the spiritual and intellectual dimension of her artworks is greatly important. She creates the reliefs in earthenware (embossments) as well in combination with glass. She vigorously exhibits not only as the author but also as the member of the Association of Slovak Artists.*

*The Author of the Awards: Slovak Woman of the Year, Euridyka (Music Award of SOZA), The Pearl of the Danube (Bratislava Fashion Days), The Golden Rescue Cross (Slovak and Czech), Minerva crystallinus (The Crystall Ball of the Slovak National Theatre) and other.*

*She is listed in the World Encyclopedia of Women in Art.*

*PhDr. Dagmar Srnenská, PhD.*
